MISSION AND VISION

The Greater Twin Cities Baseball School's purpose is to offer year-round opportunities for area youth to grow and develop through the game of baseball. I am committed to shaping young lives through the game of baseball by combining excellent instruction within a well planned camp atmosphere that is fun and meets players at their various ability levels. Emphasis will be placed not only on the physical aspects of the game but also in the development of character, attitude and sportsmanship. I have intentionally put together a staff of instructors who have strong character qualities as well as teaching backgrounds to compliment my 20+ years experience within the teaching and coaching profession. Greg Indlecoffer

INSTRUCTIONAL AND DEVELOPMENTAL

The Schools' goal is to provide students with personal instruction on the basics and the fundamentals of throwing, pitching, catching, fielding, running, hitting, and the mental and emotional aspects of the game. The School will concentrate on small group instruction. An 8:1 student/instructor ratio provides outstanding opportunities for quality instruction and learning.

ABOUT THE AGE GROUPS

The schools are open to students in grades K-12. Instructional groups will be formed according to age.
